Illinois Employment Business System

Overview

EMPOWERING INTEGRATED BUSINESS INTELLIGENCE

IEBS is a business intelligence system created by the IL Department of Commerce and made available to state and local workforce specialists and economic development specialists. IEBS provides macro and micro business economic conditions in Illinois in order to make data driven decisions regarding business health, expansion, and layoff aversion. The intuitive design and unique integration of data empowers users to keep up with the most current conditions of IL businesses to quickly analyze and investigate state business landscapes and formulate innovative business outreach strategies.

Labor Market Indicator (LMI) Information

Current, accessible and easily searchable LMI data on state economic conditions.

Global Dun & Bradstreet Business Data D&B Predictive Analytics Tools

Interface with D&B business database of 250 million companies worldwide. Viability Rating on Businesses such as Material Change and Financial Stress Score.

Organizational Management

Business, location, worksites, and contacts can be identified and bookmarked to conduct outreach and send referrals.

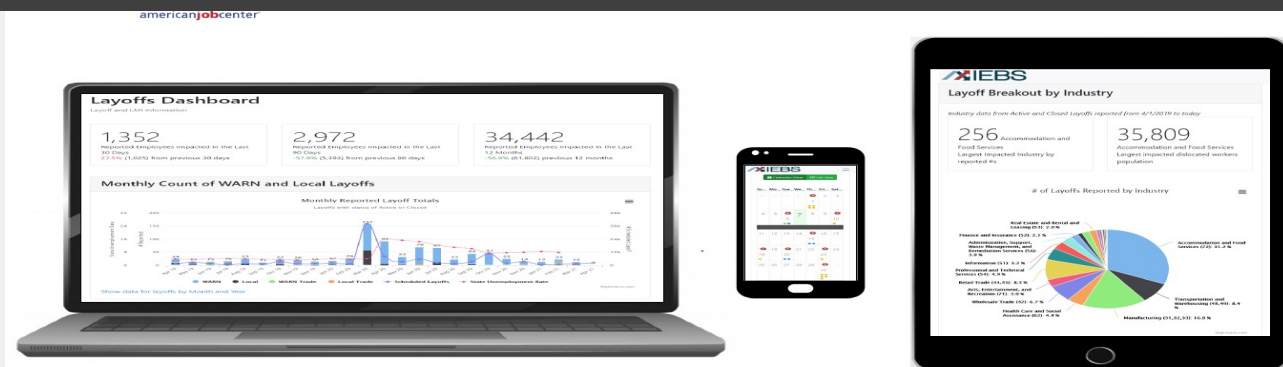

Layoff Intake – Local and WARN Management

Automated online layoff submission and electronic form. Data transfers directly to the IEBS and send notifications to state stakeholders.

Layoff Management and Status Dashboards Timeline and Layoff Notes

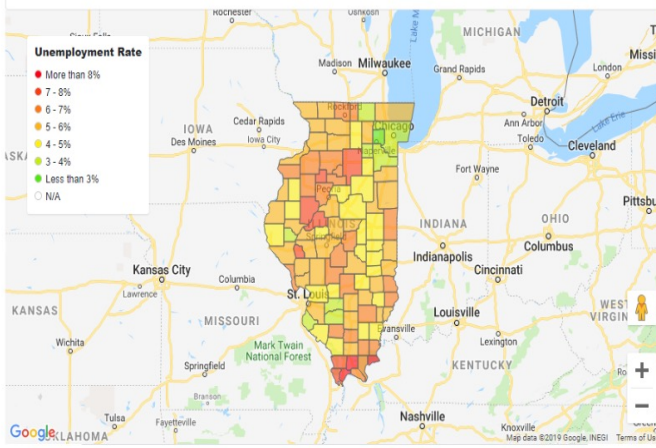

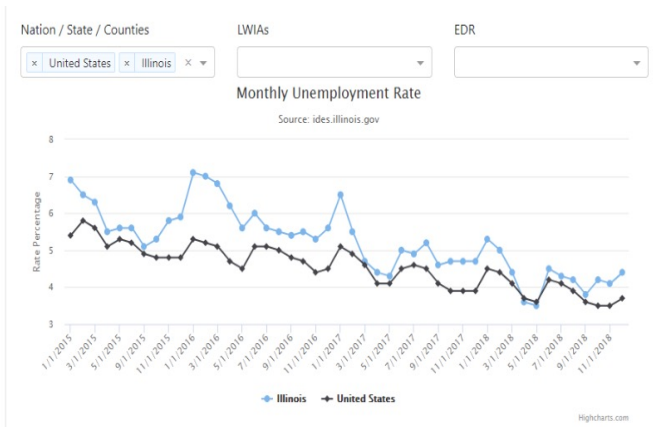

Layoff at a glance with projected, planned, actual layoffs, timeline, and aversion tracking. Type, timing, occupations, and quantity of layoffs are logged and tracked along with related events.

Overview of System Components

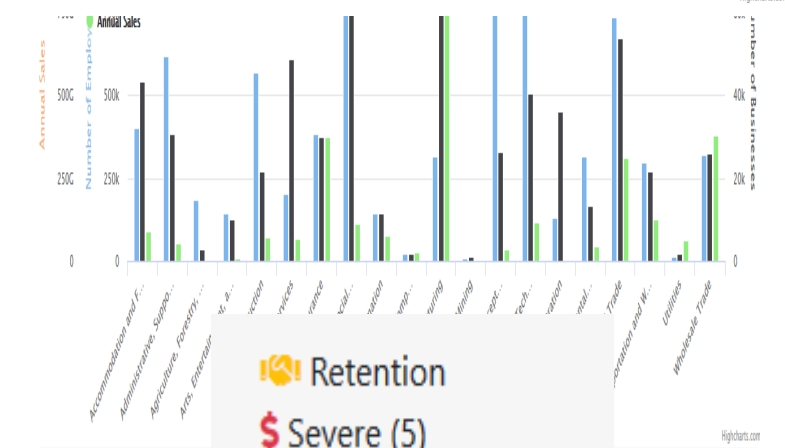

INTUITIVE- TRANSPARENT- MOBILE - PRACTICAL

IEBS Predictive Analytics & Forecasting

- The Dun & Bradstreet Data Cloud is an aggregation of business data from over 30,000 sources.
- IEBS uploads the DnB Illinois business data quarterly via an API and transforms the data into the IEBS organization and predictive analysis screens
- DnB data is stored in system to track longitudinal health and well being of the company

Layoff Tracking and Reporting

- Real-time transparency of all IL Dept. Commerce and state layoff activity.
- Variety of searchable fields, filters and views to access to the information you want.
- Fully exportable results and reports.

The screenshot displays the IEBS Layoff Tracking and Reporting interface. The interface is divided into a search and filter panel on the left and a map view on the right. The search panel includes fields for 'Search Layoffs' (Location Name, IEBS ID, or Petition Number), 'Status' (Active), 'Layoff Type' (WARN), 'Date Reported' (Start/End), and 'LWIA' (7 - Chicago Cook Workforce Partnership). It also features buttons for 'Switch View', 'Show Advance Filters', 'Reset Filter Options', and 'Download'. The map view shows a map of the United States with colored overlays and numbered markers (1-26) indicating layoff locations. The map includes a legend for 'LWIA', 'EDR', 'None', 'Show Labels', and 'No Labels', and a navigation bar with 'Home', 'Companies', 'Layoffs', and 'Admin'.

Layoff Tracking and Reporting (Map View)

- Option to display map views broken down by LWIA or Economic Development Regions.
- Ability to zoom in to filter for more defined information.
- Clickable pins that show the Layoff Location, Address, and Report Date.

Layoff Details Page (General Info/Phase)

- Location Information.
- Google Map of Location(s).
- Overview of the Layoff Information such as:
 - Type
 - Status
 - Reason
 - Reported Source/Date
 - Expected Layoff Data
 - # of Dislocated Workers
- Current Status of the work done of the layoff.

This screenshot shows the left-hand navigation and data sections of the Layoff Information page. It includes a search bar, a navigation menu with options like Information, Phase, Organization, Contacts, Notes, Events, Files, Schedule, Layoffs Averted, Jobs, and Benefits. Below the menu are several data tables: Organization (listing Toys R Us), Contacts (listing Anna Marie Dyer and Kathleen Bergeron), Events, Schedule, and Benefits.

This screenshot shows the main content area of the Layoff Information page for Toys R Us. It includes a map of the location, a table of layoff details, and a phase progress timeline.

Location Information:
 Toys R Us
 5555 Town Line Road
 Vernon Hills, IL 60061
 Lake County

Layoff Information - Toys R Us

- 4/13/2018: First Outreach Workshop
- Implementation Initiated
- Completed

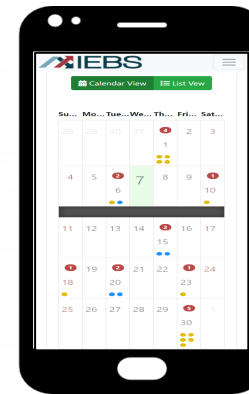

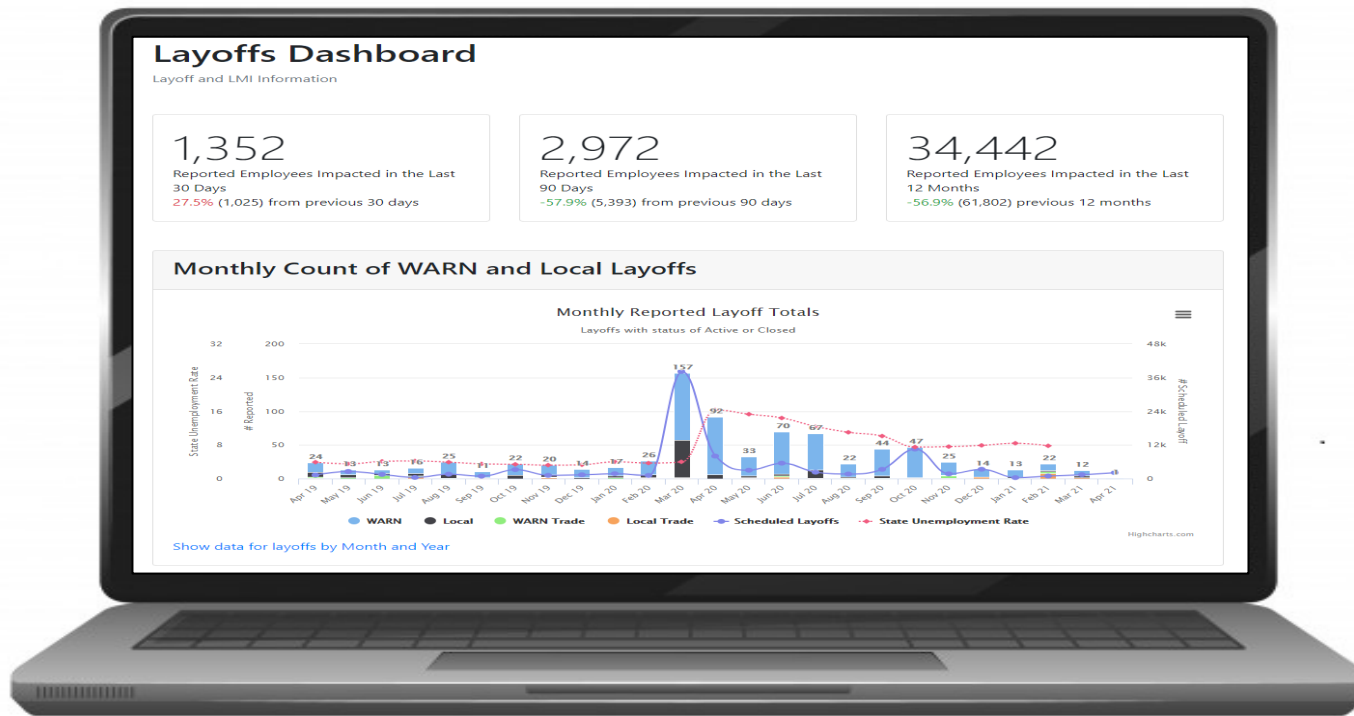

Layoff Details Page (Notes/Events/Schedule)

- Audit Log of all entries on a layoff.
- Sortable fields.
- Popup modal for Notes and Events.
- Ability to upload supporting documents.
- Tracking of all layoff dates and revisions.

This screenshot shows the 'Layoff Details' page. It is divided into three main sections: 'Notes', 'Events', and 'Schedule'.
Notes Section: A table with columns 'Date', 'Subject', 'Type', and 'Updated By'. It lists several notes, including one from 5/5/1995 and another from 1/27/2020. A 'Test Note' popup modal is overlaid on this section, showing details like 'Note Type: General Information', 'Note Date: 1/27/2020', and 'Updated: Marcus Lathan on 1/27/2020 9:19 AM'. The modal also includes a 'Files' section with a 'TEST.pdf' document and a 'Workshops' section with 'No Workshops attached'.
Events Section: A table with columns 'Date', 'Type', and 'Subject'. It lists events such as 'Investigation', 'On-site Visit', 'Pre-Layoff Workshop', and 'Completed'.
Schedule Section: A summary box showing 'Total Employees 52', 'Expected Layoffs 52', and 'Revised Layoffs'. It also includes 'Expected Layoff Date 10/1/1995', 'Revised Layoff Date 8/1/1995', and 'Number of Layoff Events: 3'. Below this is a table with columns 'Date' and 'Layoffs', showing the number of layoffs for specific dates: 8/1/1995 (6), 10/1/1995 (33), and 10/31/1995 (12).

Layoff Transparency and Reporting (Internal)

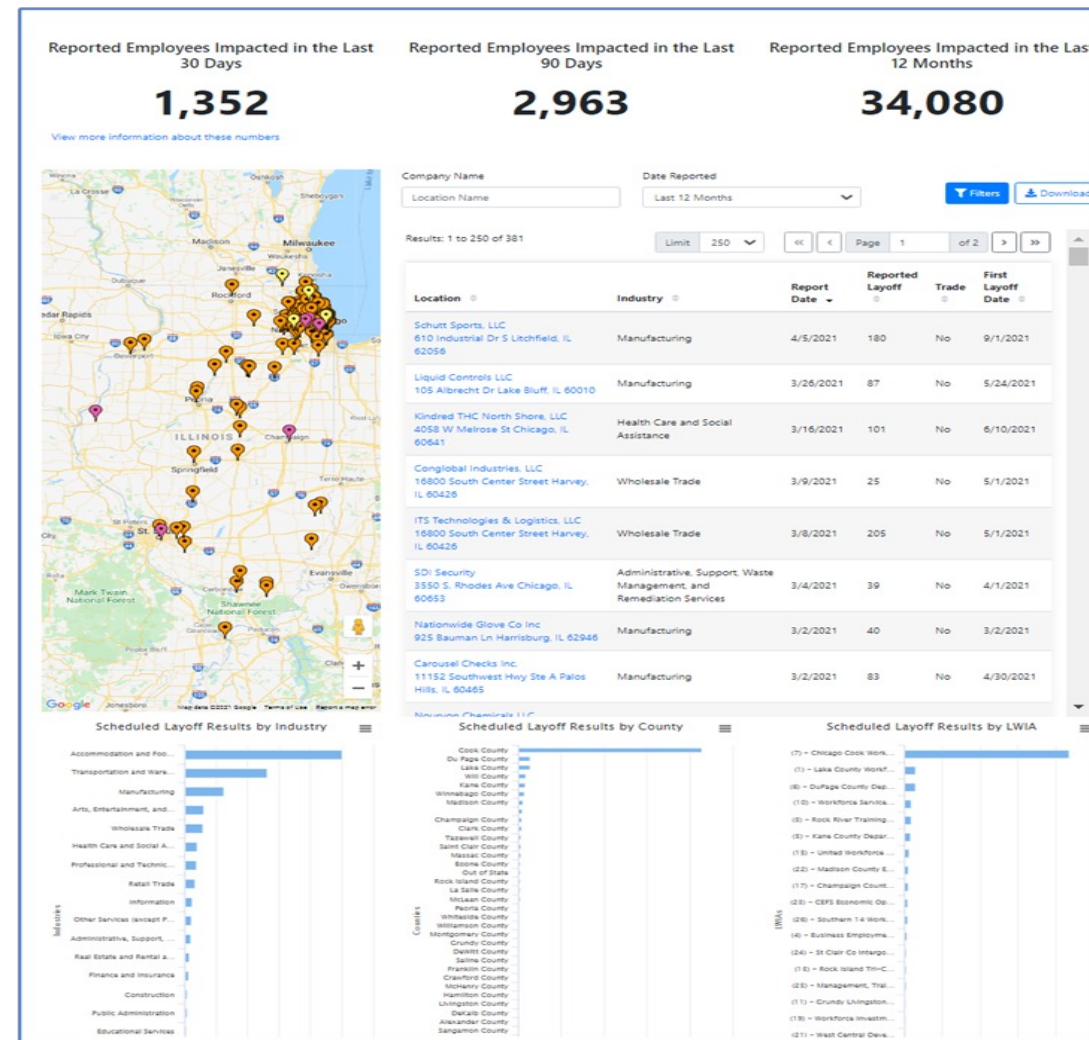

Data in IEBS made transparent in dashboards that utilize multiple displays, maps, graphics, lists, calendars, and where applicable is overlaid with LMI data. It can be searchable by industry, geographic areas, and drillable to micro-level data.

Layoff Transparency and Reporting (External)

WARN DASHBOARD

Data from the private IEBS system is made publicly available from the internal system and appears on public facing Illinois workNet site.

- The WARN Dashboard on Illinois workNet provides a public view of WARN layoffs in the state.
- Information is updated in real-time as WARN layoffs are entered into the state system.
- Results fully exportable for portable access in Excel.
- [WARN Layoff Search in IwN](#)

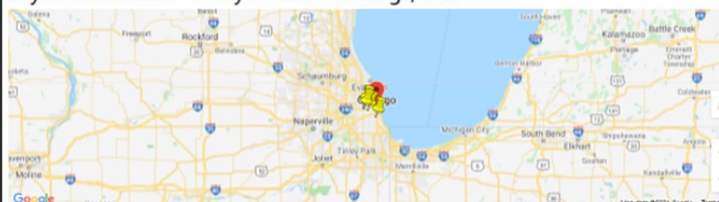

Layoff Transparency and Reporting (External)

- Company specific public informational pages are created by system and published on IwN public website as part of layoff entry in IEBS.
- ALL layoff partners who have been given permission can modify the Resource Packet area – don't need to wait for tech person.

Yes No

Rapid Response Process

What the DCEO Rapid Response Unit does and what data we collect.

DCEO Rapid Response Unit

What we do:

Provide Services as required by the WARN Act

(Worker Adjustment and Retraining Act of 1988)

- Recipient of Layoff Notifications
- Coordinate Benefit & Services Workshops for Dislocated Workers
- Record & Report Statewide Rapid Response Activity to USDOL
- Partner with Local Agencies on smaller layoffs
- Make WARN Information Available upon Request (FOIA)

Rapid Response Data

(1988 – 2023) Data in IEBS

- 7,970 total events
- 5,532 from Official Notices
- 2,437 from other sources
- 878,899 reported layoffs
- 121,208 workers recalled
- Reported layoff dates
- Layoff schedules
- Layoff locations
- Workshops conducted
- Event documentation

Trade Program Requirements

- Conduct Outreach
- Schedule workshops for impacted workers
- Notify impacted workers of Benefits, Rights, and Responsibilities (BRO)
- Track Program Participation by Petition
- Maintenance of specific documents for program compliance

The screenshot displays the workNet TAA portal interface. At the top, there is a navigation bar with 'Login' and 'Sign Up' buttons, and a search bar. The main content area is titled 'Layoff Assistance - Caterpillar Logistics, Inc.' and features a map of the location at 500 N Morton Ave, Morton, IL 61550. Below the map, there is a video player for a 'Rapid Response Webinar' titled 'Caterpillar TAA'. To the right of the video, there is a section for 'Illinois workNet Centers' with a search bar and a list of centers. Below the video, there are links to 'Complete the Layoff Information Questionnaire' and 'Download Resource Packet'. The bottom right corner shows a list of nearby workNet Centers with their addresses and hours of operation.

Create or Update Your Resume

Utilize free online resume builder tools such as [Skills First](#) or [Illinois JobLink](#).

Local Illinois workNet American Job Centers also offer in-person resources. Centers offer free access to a resource room that is open to the public on a self-service basis. Resources are available to assist job seekers with building a resume, general career exploration, and job search.

Unemployment Insurance Information

Unemployment insurance is an IDES state-operated program designed to partially replace lost wages when you are out of work. It is for an emergency when you are temporarily or permanently out of a job, or if you work less than full time because of lack of work. If you meet the eligibility requirements of the law, you will have some income while you are looking for a job, up to a maximum of 26 full weeks in a one-year period. [How to Submit a UI Claim](#)

Predictive Analytics

Material Change Scores

Growth	Stable	Contraction
Increase in Scale (A)	Stable (J)	Early Signs of Decay (G)
Increase in Demand (B)		Decrease in Demand (H)
Leverage for Growth (C)		Decrease in Scale (I)
Increase in Borrowing (D)		
Organic Growth (E)		
Spend Growth (F)		

Financial Stress

1 (Low)
2 (Low)
3 (Low)
4 (High)
5 (Severe)
0 (Bankrupt)

Material Change Examples

Spend Growth

This most often is an indication the company is in a research and development phase.

Increase in Borrowing

The company has increased its borrowing from lenders. This could be an indication of a company adding production lines or seeking capital for improvements.

Decrease in Scale

A company has significantly reduced its output or may have shut or slowed down production lines.

Early Signs of Decay

A company with a failing business model, or a company that has not innovated or updated in a long time. This could also be an indicator that a company has lost contracts or business or clients.

Predictive Analytics - Scenarios

Illinois Opportunity Score: Retention vs. Growth

Combining Material Change & Financial Stress Scores

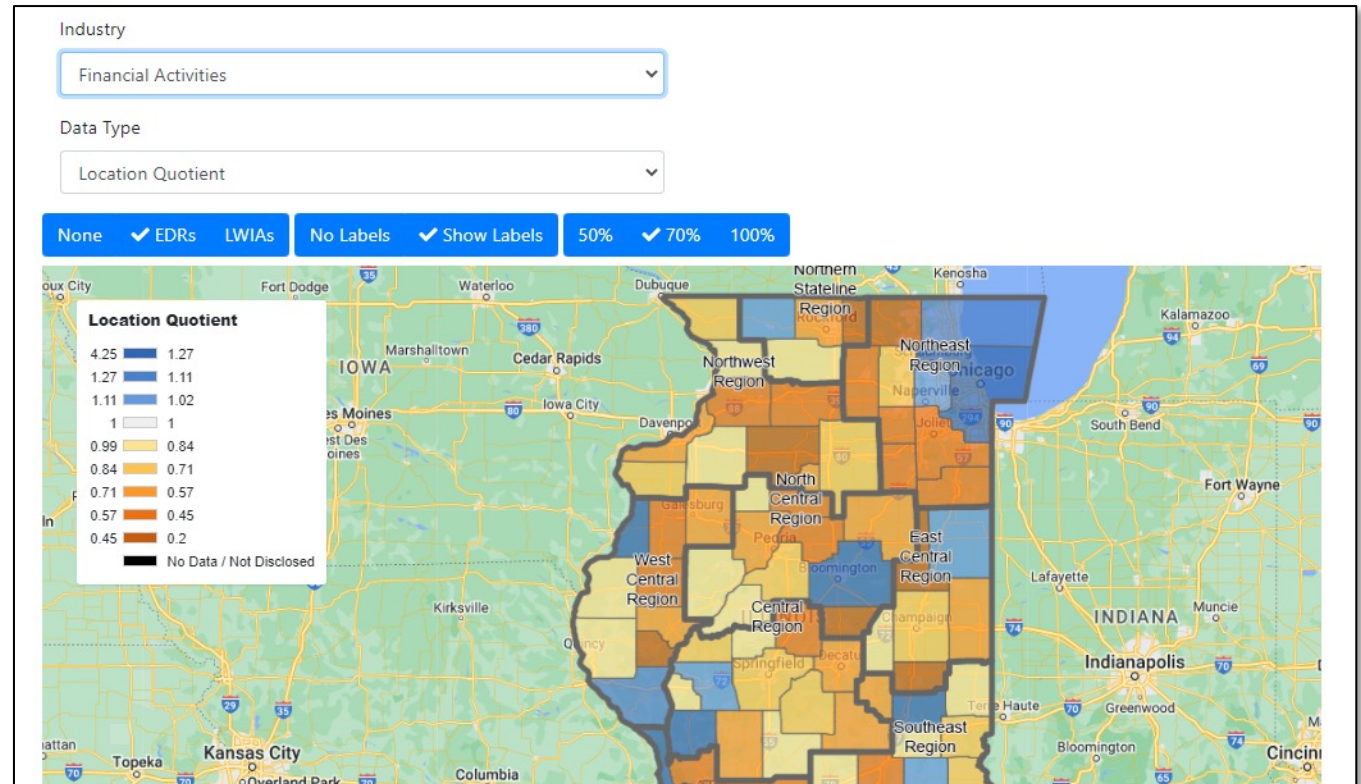

Potential Use Case Scenarios

- Increase in Demand & High Financial Stress → Company may not have the resources to expand
- Spend Growth & High Financial Stress → Could be spending on research / new product lines
- Increase in Borrowing & High Financial Stress → Potential for layoffs
- Decrease in Demand & Low – High Stress → Declining Industry
- Leverage for Growth & Low Stress → Company has potential to expand
- Early Signs of Decay & Low Stress → Potential Supply Chains or Vendor Issues

EDR Top Cluster Industries

The U.S. Cluster Mapping Project was funded by the Federal Economic Development Administration to help regional economic developers identify types of businesses that might have local competitive advantages. The industry cluster data is compiled at the six-digit NAICS code level using unsuppressed data from the U.S. Census Bureau's County Business Patterns dataset. Industries are assigned to clusters based on overlapping technology, skills, supply, and demand.

For more detailed information on the methodology for how industry clusters were defined and which industries are included in each cluster, please visit: <http://clustermapping.us/content/cluster-mapping-methodology>
